- Freshman, Sophomore or Junior pursuing an Associate's or Bachelor's degree
- Has dairy or agriculture related experiences and career aspirations

About the Award

George Miller was an icon within the Holstein breed, a pillar within Select Sires Inc., and a lifelong dedicated supporter of the Holstein Association USA and many other breed associations. George's passion centered around educating others on the ideals of success and providing examples to many on how breeding programs drive success into global dairy enterprises.

George took a special interest in youth to assure their future within the dairy industry was well represented and prepared for leadership roles. This Memorial Scholarship has been built to represent all that George gave to the industry, and award winners of this scholarship carry this same giving back passion.

The new scholarship fund is hosted by the Holstein Foundation, awarded by Holstein Association USA, and is supported by Select Sires' genetic programs. Select Sires has been allocating funds for this scholarship from semen sales of 7HO15807 GEORGE MILLER, a recently released NxGEN® sire. A selection committee organized by Select Sires Inc. will review the applications and select scholarship winners. The George Miller Memorial scholarship will be awarded at the National Holstein Convention.
